1. I love you Ted. Thank you for loving Me. Thank you for writing your book I'm about to blow on—as I told you I would. I love you and I am expanding it and letting it be seed for many others to eat on and seed produce for others in My body.
2. My body strengthens, My body arises, and I arise all, now, who will arise My body in leadership and skill and passionate pursuit of Me, understanding all they have—resources and skills and talents, I gave them. It's all from Me and it's to Me and to My body, designed for, Me and My body, so fullness they will enjoy.
3. Enraptured you are—with Me, in love with Me, in love with Me—and relationship you understand more and more – of what I want to do with My body, and My body with My body. That's why I now fly you over waters great and continents divided and re-divided, and re-establishing boundaries many, to take Me—My desire for intimacy in relationship, in holiness, to My body all—all Ted, all the youth, all the children, all, all, all, now, all, all, all.
4. Magnificent men and women come now to facilitate what I want done. And Ted, you are only a vessel and a facilitator of their facilitation for Me. They are not yours, you know that. They are Mine and arising I am you to **arise My Mine and integrate technology as never before, never before, never before utilized as I designed—but ready and available and awaiting you and your networks of giant-powers.**
5. **Oh Ted, there is no lack in My body—proclaim this and pronounce it and innovate proclamations of this truth,** to open the eyes of My body to this truth, and to each other, and to realize, grasp and fully understand comprehend and **begin to move in—the power we have for each other.**
6. De-destituting My body I am—in glorification of holiness and righteousness and intimacy of relationship with Me, and relationships of My design with each other, as I designed, designed, designed from the beginning—communing—in great respect, love and honor, exchanging keys to pockets and rooms and realms of Me that await those who will come to Me, and share with My body as I designed.
7. Seedtime and harvest is truth, yet spans horizons so far beyond the little thinking of presenters past. Seedtime, harvest, keys—unlocking secrets never meant to be hidden—but removed from the selfish, to await the selfless servants that I arise to befriend and walk in fullness. So much for so little. Power My people with open eyes rather than the dimmed stagnant complacent dregs-given-Me thinking, that ravages My family.
8. Joys come in to your arms now Ted, from Me, My gift to you, My gifts to you.

9. Arise and thankful be and sink not down ever again in bewilderment or confusion or discouragement, but freedom fling far and wide with intensity that pulverizes anything in its way, and permeates the open-to-Me.

10. Joys in your arms Ted, of Me, of Me, My gift.

11. Thank you for coming to Argentina—you passed.

12. You live—and I live in you mightily and we will arise many into fullness I designed for them.

13. Proceed, fly, enjoy—abundanced.

Me, Me, from Me.

My quarters, our times together—our tears of joy and presence transcendent anything tangible.

Tell, share, teach—rejoice.

14. Write your next book before Christmas.

You have the title and material and organization. I gave it to you—all.

Run, fly, gallop, and enjoy all of My Mine that come to you in hope—hope—seeking Me and fully Me and wanting Truth.

Beauty for ashes—Isaiah 61'ing them you are.

I thank you.

15. I behold now the beauty of My son, My friend.

16. Beautify all of My sons and daughters in freedom, freedom, helping them embrace Me and the intimacy I desire with them.

17. Guts you have—forged in fires of loneliness and pain.

Let today forth—gifts, grace, arising My all who will let you.

I thank you.

You're bronze Ted, I'm the gold.

You're the agent, I'm the goal.

18. Free My body.

I blow on you now.

I thank you.

Rejoice in your arms.

Rejoice in My body, arising, confidencing, significanced, and I thank you.

Many more specifics and details come.

I love you.

Kiss My body for Me.

Let them see My tears for them.

Hug them for Me.

Arise, arise, fly.
